Hand-drawn electrical floor plan of a building. The plan shows several rooms: WC, KABINET (Office), SKLAD (Warehouse), PISOARY (Toilets), and CHODBA (Corridor). It includes electrical symbols for lights (circles with 'X'), switches, and outlets. Wires are drawn throughout the rooms and corridors, with labels like 'B/G' for wiring in the corridor and 'A/G' for wiring in the office. A central unit labeled 'RP1' is located in the corridor. The plan also shows doors, windows, and furniture like desks and chairs. The drawing is on aged, yellowed paper.
